

HUNTINGDON

BEHAVIORAL HEALTH

Are you in the market for a new behavioral health company?

Ask if they provide you with the following benefits!

OTHER PROVIDERS

- The largest number of Psychiatrists, APRN's with Psych Certification, Psychologists, and Licensed Clinical Social Workers in Florida. More attending psychiatrists than any other provider.
- Huntingdon Behavioral Health accepts all insurances/payor sources. We do not bill the facility or the residents for our services, giving away millions of dollars in free health care each year.
- 24/7 on-call clinical support answered by Huntingdon prescribers.
- Provides a Pharmacy Consultant to coordinate communication with facility teams, Medical Directors, Primary Care Physicians, and prescribers.
- Uses next generation proprietary psychopharmacology analysis software (SMART PSYCH™) and sends free reports to contracted facilities.
- PointClickCare interface to submit notes directly into residents' charts.
- Free Telehealth kits provided to the facilities including an iPad; Bluetooth Speaker, and case with a stand.
- Clinical notes are audited by a Certified Behavioral Health Coder to meet or exceed CMS standards.
- Executive Team led by our Medical Director and Psychiatrist; 2 Nursing Home Administrators, 4 POD Directors, Lead Psychologist, and Pharmacy Consultant = 220 years of experience combined.
- Clinicians are provided comprehensive education, coaching, and support to provide the best care through evidence-based treatment plans.
- 30 years serving Florida from Pensacola to Miami with headquarters in Florida. Statewide coverage!
- Established strategic partnerships with other behavioral groups with the goal to have no lapse in coverage.
